

Blake L. Mason

blakelmason@gmail.com

(714) 878 - 5117

Huntington Beach, CA

Education

University of California, Irvine – Bootcamp, Full Stack Software Engineer Apr 2018 – October 2018

- Built projects using modern web technologies. See <https://github.com/blakelmason>.
- Languages and technologies include HTML, CSS, Bootstrap 4, JavaScript, jQuery, Git, Node.js, Express.js, MySQL, MongoDB, Sequelize, Mongoose, Heroku, and React.
- For some working examples, visit my website at www.blakelmason.com (please give it a moment to load, I'm on the free tier of Heroku).

Brigham Young University, Utah – Bachelor's Degree, Business Management Sep 2011 – Dec 2016

- Learned a broad range of business principles including accounting, finance, human resource management, information systems, and organizational behavior.

Experience

U.S. Wheel Corporation – Junior Software Engineer Aug 2017 – Present

- Duties include supporting the overall technology and business needs of the company.
- I work with anything technology-related such as setting up and troubleshooting computers, managing printers and devices, or building custom software to integrate legacy systems with modern technology.
- I manage the tire inventory system, assist with the order entry process by building automated systems using Excel VBA to increase order accuracy, and prepare detailed sales and inventory reports also using Excel.
- I am currently applying my education from UCI to improve business operations. For example, I set up a local Ubuntu server to store all outgoing shipments in a SQL database and I built a local web application for employees to search all recent shipments.

BYU On-Campus Internships – Commercial Real Estate Asset Analyst Sep 2015 – May 2016

- Worked on live commercial real estate analysis projects for Cottonwood Partners and Peak Capital Partners.
- Valued commercial assets using company Excel models, built our own custom valuation Excel models under the direction of real estate professionals.
- Received training from an Argus training representative and passed the Argus certification test.
- Worked as team lead to perform market research to present on opportunities in the local Utah real estate market.

Service

The Church of Jesus Christ of Latter-day Saints Sep 1989 – Present

- Served in church roles such as teacher, secretary, counselor, facilitator, and missionary.
- Served from 2009 – 2011 as a church representative in Europe. Learned to fluently speak French while supporting local members in areas of Switzerland, France, and Luxembourg.
