EDUCATION

B.S. Computer Science

Western Governors University

01/2019 – 12/2020

Online

- Learning the theory, experimentation, and engineering that form the basis for the design and use of computers and software.

Full Stack Software Development Bootcamp

University of California, Irvine

04/2018 – 10/2018

Irvine, CA

- Full Stack Flex web development program that taught the key skills for front-end and back-end development.

B.G.S. Business Management

Brigham Young University, Utah

09/2011 – 12/2016

Provo, UT

- Gained general business knowledge such as accounting, finance, etc.

WORK EXPERIENCE

Junior Software Engineer

U.S. Wheel Corporation

08/2017 – Present

Huntington Beach, CA

- Currently applying my education from UCI to improve business operations. For example, I set up a local Ubuntu server to store all outgoing shipments in a SQL database and I built a local web application for employees to search all recent shipments.
- Managing the tire inventory system, assist with the order entry process by building automated systems using Excel VBA to increase order accuracy, and prepare detailed sales and inventory reports also using Excel.
- Working with anything technology-related such as setting up and troubleshooting computers, managing printers and devices, or building custom software to integrate legacy systems with modern technology.
- Supporting the overall technology and business needs of the company.

ORGANIZATIONS

Member

The Church of Jesus Christ of Latter-day Saints

- Actively participating in church service positions such as teacher, counselor, secretary, etc.
- Served from 2009 – 2011 as a church representative in Europe. Learned to fluently speak French while supporting local members in areas of Switzerland, France, and Luxembourg.
