SKILLS

HTML · CSS · Sass · Javascript · JQuery · Bootstrap · Git · Node.js · Express.js · Moment.js · Cheerio.js · Handlebars.js · SQL · Sequelize · MongoDB · Mongoose · React · React-Router · Reactstrap · Heroku

EDUCATION

Computer Science
Western Governors University
01/2019 – 12/2020

Full Stack Software Development Bootcamp
University of California, Irvine
04/2018 – 10/2018

Business Managment
Brigham Young University, Utah
09/2011 – 12/2016

WORK EXPERIENCE

Junior Software Enginneer
U.S. Wheel Corporation

08/2017 – Present   *Huntington Beach, CA*

- Currently applying my education from UCI to improve business operations. For example, I set up a local Ubuntu server to store all outgoing shipments in a SQL database and I built a local web application for employees to search all recent shipments.
- Managing the tire inventory system, assist with the order entry process by building automated systems using Excel VBA to increase order accuracy, and prepare detailed sales and inventory reports also using Excel.
- Working with anything technology-related such as setting up and troubleshooting computers, managing printers and devices, or building custom software to integrate legacy systems with modern technology.
- Supporting the overall technology and business needs of the company.

ORGANIZATIONS

Member
The Church of Jesus Christ of Latter-day Saints

- Actively participating in church service positions such as teacher, counselor, secretary, etc.
- Served from 2009 – 2011 as a church representative in Europe. Learned to fluently speak French while supporting local members in areas of Switzerland, France, and Luxembourg.
